SAFETY DATA SHEET

PRODUCT NAME: Deck-Lok™ (Smooth)  

SECTION 1 - IDENTIFICATION

MANUFACTURER: Weatherman Products, Inc  
21622 Surveyor Circle  
Huntington Beach, CA 92646  
United States of America

PHONE: (949) 515-8800

EMAIL: support@rainguardpro.com // info@rainguard.com

WEBSITE: rainguardpro.com

REVISION DATE: 10/01/18

SECTION 2 - HAZARDS IDENTIFICATION

PRECAUTIONARY STATEMENT
This product, like most pigmented systems, contains materials that are considered suspected of causing cancer when inhaled repeatedly as a powder or dust. Proper ventilation and dust masks should be utilized if material is to be sanded, buffed or treated in any other way to cause dust.

HAZARD STATEMENT(S)
WARNING - CAUSES SERIOUS EYE IRRITATION
Wash thoroughly after handling

Wear appropriate protective covering

**SERIOUS EYE DAMAGE / EYE IRRITATION 2A**

If in eyes, rinse cautiously with water for several minutes

Remove contact lenses if present and easy to do -- continue rinsing

If eye irritation persists, get medical advice/attention

### SECTION 4 - FIRST AID MEASURES

**Description Of Necessary First-aid Measures**

Under normal conditions simple exposure shouldn't produce any adverse effects.

**Eye Contact**

Immediately flush eyes with plenty of water for at least 15 minutes, occasionally lifting the upper and lower eyelids. Check for and remove any contact lenses. Get medical attention if irritation occurs.

**Skin Contact**

Flush contaminated skin with plenty of water. Remove contaminated clothing and shoes. Get medical attention if symptoms occur. Wash clothing before reuse. Clean shoes thoroughly before reuse.

**Inhalation**

Move exposed person to fresh air. If not breathing, if
breathing is irregular or if respiratory arrest occurs, provide artificial respiration or oxygen by trained personnel. Loosen tight clothing such as a collar, tie, belt or waistband. Get medical attention.

Ingestion

Wash out mouth with water. Do not induce vomiting unless directed to do so by medical personnel. Never give anything by mouth to an unconscious person. Get medical attention if symptoms occur.

Most Important Symptoms/Effects

Not Determined

Indication Of Immediate Medical Attention

Not Determined

SECTION 5 - FIRE FIGHTING MEASURES

Suitable Extinguishing Media

Foam, Alcohol foam, CO2, Dry Chemical, Water Fog

A4.3.5.1

Unsuitable Extinguishing Media

DO NOT USE Water Jet

A4.3.5.1

Specific Hazards Arising From The Chemical

Move containers from fire area if this can be done without risk. Use water spray to cool containers. In a fire or if heated, a pressure increase will occur and the container may burst. Decomposition products may include the following materials: metal oxide/oxides. Combustion can produce carbon monoxide and/or carbon dioxide

A4.3.5.1

Special Protective Actions For Fire-Fighters

Fire fighters should wear appropriate protective equipment and self-contained breathing apparatus (SCBA) with a full facepiece operated in positive pressure mode.

A4.3.5.3

SECTION 6 - ACCIDENTAL RELEASE MEASURES

Personal Precautions, Protective Equipment and Emergency Equipment

No action shall be taken involving any personal risk or without suitable training. Evacuate surrounding areas. Keep unnecessary and unprotected personnel from entering. Do not touch or walk through spilt material. Put on appropriate personal protective equipment

A4.3.6.1

Environmental

Avoid dispersal of spilled material and runoff and

A4.3.6.2
Precautions

Contact with soil, waterways, drains and sewers. Inform the relevant authorities if the product has caused environmental pollution (sewers, waterways, soil or air).

Methods For Cleaning Up

Transfer spill material into suitable waste drums using proper implements and dispose of in an approved manner.

SECTION 7 - HANDLING AND STORAGE

Precautions For Safe Handling

Use reasonable prudent industrial hygiene when handling this material. Avoid direct contact with skin and eyes and use in a well ventilated area. Smoking, eating and drinking should be prohibited in work areas.

Precautions For Safe Storage

Store in accordance with local regulations. Store in original container protected from direct sunlight in a dry, cool and well-ventilated area. Keep containers sealed and upright.

SECTION 8 - EXPOSURE CONTROL/PERSONAL PROTECTION

Control Parameters

If this product contains ingredients with exposure limits, personal, workplace atmosphere or biological monitoring may be required to determine the effectiveness of the ventilation or other control measures and/or the necessity to use respiratory protection.

Appropriate Engineering Controls

No special ventilation requirements. Good general ventilation should be sufficient to control worker exposure to airborne contaminants. Emissions from ventilation or work process equipment should be checked to ensure they comply with the requirements.

Individual Protection Measures

It is recommended that eye protection, gloves, and clothing that covers exposed skin be worn. Proper foot protection when handling drums of material is strongly recommended. Employer should check and follow all federal and local regulations/requirements.

SECTION 9 - PHYSICAL AND CHEMICAL PROPERTIES
**SDS DATA:** Physical data in this document required by OSHA. Any supplementary information available by request.

**Appearance**  
(Physical State, Color, etc.)  
Viscous Liquid

**Odor**  
Mild Odor

**Odor Threshold**  
Not Available

**pH**  
8.5-9.5

**Melting Point/Freezing Point**  
Freeze pt. =>32 F

**Flash Point (F)**  
Not Available

**Initial Boiling Point And Boiling Range**  
>200 F

**Evaporation Rate**  
Not Available

**Flammability (Solid, Gas)**  
Not Available

**Upper/Lower Flammability or Explosive Limits**  
Not Available

**Vapour Pressure**  
Not Available

**Vapour Density**  
Equal or Heavier than Air

**Relative Density**  
wt./gallon = 12 lbs

**Solubility(ies)**  
Not Available

**Partition Coefficient: Noctanol/Water**  
Not Available

**Auto-Ignition Temperature**  
Not Available

**Decomposition Temperature**  
Not Available

**Viscosity**  
90-105 KU

**SECTION 10 - STABILITY AND REACTIVITY**
### Reactivity
No specific test data related to reactivity available for this product.  

### Chemical Stability
This product is stable. Under normal conditions of storage and use, hazardous polymerization will not occur.  

### Possibility Of Hazardous Reactions
Under normal conditions of storage and use hazardous reactions will not occur.  

### Conditions To Avoid
Avoid excessive heat.  

### Incompatible Materials
Do not handle or store near water-reactive materials, strong oxidizers, acids or alkalis.  

### Hazardous Decomposition Products
Combustion can produce carbon monoxide.  

## SECTION 11 - TOXICOLOGICAL INFORMATION

Specific information regarding toxicological information in individual components of this product is not available at this time.  

### Acute Toxicity
No Data Available  

### Skin Corrosion/Irritation
No Data Available  

### Serious Eye Damage/Irritation
No Data Available  

### Respiratory Or Skin Sensitization
No Data Available  

### Germ Cell Mutagenicity
No Data Available  

### Carcinogenicity
This product, like most pigmented systems, contains materials that may be considered suspected of causing cancer when inhaled repeatedly as a powder or dust. Proper ventilation and dust masks should be utilized if material is to be sanded, buffed or treated in any other way to cause dust.  

### Reproductive Toxicity
